Outdoor Research® Women's Coldsnap Hooded Down Vest. OR322218

Product photo

We're proud to offer this limited edition Outdoor Research style, while supplies last. Engineered for extra insulation and loft, the Coldsnap Down Vest combines RDS-approved natural down for the body insulation with an 85% recycled VerticalX™ Eco technology strategically placed in the shoulders for reinforced warmth and water resistance. The lightweight 53% recycled ripstop Pertex® Quantum Eco shell blocks wind and resists rain and snow at base camp or while exploring around town.

Specs & Features

- Constructed of bluesign® approved materials
- 53% recycled Pertex® Quantum Eco 100% polyester ripstop shell and lining
- 15.1-ounce, RDS-certified 700+ fill-power down insulation throughout body
- 85% recycled VerticalX™ Eco insulation in collar and shoulders to eliminate cold spots and increase weather resistance in these exposed areas
- Water-resistant
- Wind-resistant
- Adjustable insulated hood
- Slightly longer body length for added warmth
- Exposed reverse coil center front zipper
- Brushed tricot chin guard at center front zipper
- Interior stash pockets
- Exposed reverse coil tricot-lined zippered hand pockets
- Packable left hand pocket doubles as a vest stuff sack
- Suede patch with contrast OR logo on left hem

bluesign® Approved Materials: bluesign is a system that provides safer, more sustainable environments for people to work in and everyone to live in. Powered by a holistic approach, bluesign traces each textile's path along the manufacturing process, making improvements at every stage from factory floor to finished product. Simply put, bluesign changes the environmental impact of textiles for good.

Pertex® Quantum Eco: The lightweight 53% recycled ripstop Pertex Quantum Eco shell blocks wind and resists rain and snow

RDS Down: The Responsible Down Standard (RDS) safeguards the welfare of geese and ducks that provide down and feathers for the products we all love, independently certifying down and feathers against animal welfare requirements and tracking it from farm to final product.

VerticalX™ Eco: High loft synthetic insulation that uses 85% recycled content. VerticalX Eco has a superior warmth-to-weight ratio, breathability and moisture management that combines weather-protective ruggedness with compressible, packable comfort.

CARE INSTRUCTIONS

Machine Wash Cold Separately, Rinse Thoroughly. Do Not Bleach. Tumble Dry Low Or Line Dry In Shade. Do Not Iron. Do Not Dry Clean.
